

## Year 6 - computing knowledge organiser - Digital Media

### Digital media

Digital media is the method of broadcasting or communicating information through a screen. Digital media can be created, viewed, edited or manipulated. You will be creating digital media in the form of a 'How to guide'. You will broadcast information on how to create/do something.

## HOW TO GUIDE

CREATE A DIGITAL  
'HOW TO GUIDE',  
THAT WILL INCLUDE TEXT,  
VIDEOS AND DIAGRAMS.  
WHAT WILL THE THEME OF YOUR  
'HOW TO GUIDE'?  
WHO WILL THE AUDIENCE BE?

Digital media	The method of broadcasting or communicating information through a screen.
Editing	Correcting or changing something to improve it.
Graphics	Images generated by a computer.
Digital software	computer application programs that allow a user to manipulate/change aspects of digital media files.
Content	Information that is directed towards the desired user.
Combined	To join or merge content.
Digital image	Digital graphics that combine text and images to produce a graphic product which can be used for a specific purpose.

### Computing skills

- Plan a digital resource to teach a specific audience something new.
- Make choices on the best digital software available to present my ideas.
- Edit videos, graphics and documents independently to create a digital book or an app/website.
- Work independently to combine a range of tools (text, video, graphics, images) to present my ideas clearly for an audience to follow.
